

Registrar

“Udyamane hi siddhyanti karyani na hi manorathe” Tasks are accomplished with hard work, not by wishes.

With this abiding principle which I always strive to follow, I express my deep sense of joy in taking up the responsible position of Registrar in this prestigious institute.

I express my gratitude to my revered Director for reposing faith on me. I feel blessed to have got an opportunity to work with a lovely team of Dean, Medical Superintendent, former Registrar, Associate Dean & Controller of Examinations. I hope to get the co-operation of all the staff both teaching and non-teaching so that I can do my job properly.

When we replace ‘I’ with ‘we’ even illness becomes wellness. So let us forget competition and focus on collaboration. I also strongly believe in the notion that morality can compensate for an intellectual shortage but intellect can never make up for a lack of morality. Morality is the most basic expectation of man. If we lack morals, we lose trust of others.

Let us try to be empathetic and have a steadfast moral compass.

Registrar

Dr. Bhabagrahi Rath.
Prof & HOD,
Dept. of Pharmacology, VIMSAR
